Below are some possible front designs and inside messages

This Delta Gamma note card uses #5 font.

Chi Omega card is done in #10 font. This is an example of metallic gold ink on a cream color card.

Alpha Xi Delta card is #5 font.

Greek letters are available in your choice of size. With or without sorority name.

This Alpha Chi chapter designed its card specifically for use as a thank you note.

For a small additional charge we can print an inside message. Examples are further down this page.

A Gamma Phi Beta chapter chose pink ink for their Greek letters.

If you choose really large Greek letters, they will probably look better on a card without a raised panel border. We offer both styles of cards.

You can customize this card to include both the chapter name and the school name.
