

## I need a special sorority rush napkin design, can you help?

We have been doing sorority recruitment party napkins for 30 years. A special metal die is needed to print napkins. Over the years we have accumulated many different napkins dies. We have sorority crests and the Greek letters available for use without extra charges. We have many party theme dies also available without extra charge. If you want to create a new party theme design, we can help you. Recruitment party designs are fun.
